Contributions to program success

11 hospitals

Across four states

VA program | Risk governance and executive reporting

617,000+

Veterans in program footprint

VA program | PMO coordination contribution

$5.5 million

Workforce program budget

Maryland Labor | Budget oversight and performance reporting

$3.37M+

Reported cost avoidance

Missouri program | Implementation and reporting contribution

98,000+

Direct-care hours reallocated

Missouri program | Performance and reporting contribution

$50.7M-$59.4M

Modeled annual savings

DPSCS analysis | Potential savings, not realized

Program outcomes reflect shared results from prior roles. My contribution: risk governance, implementation support, reporting and policy analysis. DPSCS savings are modeled estimates.

Consulting profile

Partner with Samson for healthcare IT modernization, policy evaluation and executive execution support. PMP-certified, with experience across federal healthcare, Maryland programs and evaluation. Connects analysis, priorities, people and follow-through through Action Global Advisors, LLC.

Consulting capabilities

PMO governance and work planning | Risk, issue and dependency management | Executive reporting and Power BI | Budget and expenditure monitoring | Business analysis and process mapping | SOPs and job aids | Implementation readiness | Program evaluation and performance measures | Stakeholder and partner coordination

Independent consulting

Founder and Principal Consultant | Action Global Advisors, LLC | 2026-Present

Offers defined projects, fractional execution support and subcontract engagements in program delivery, operations, risk governance and policy evaluation. Scope and deliverables agreed for each assignment.

Professional experience

Booz Allen Hamilton | Senior Risk Analyst / Project Management Specialist | 2025-2026

Client program: VA Electronic Health Record Modernization Integration Office PMO

- Coordinated risk information, mitigation ownership, dependencies and escalations across technical, operational, deployment and vendor workstreams.
- Developed Power BI dashboards, executive snapshots and risk briefings to make exposure, progress and decision needs visible to leadership.
- Supported governance within a program encompassing 11 hospital deployments across four states; program footprint included 617,000+ Veterans and 35,000+ clinicians and staff.

Samson B Wakjira PMP

Consulting experience and credentials

Professional experience continued

Guidehouse / Grant Thornton Public Sector | Senior Consultant | 2022-2025

- Supported FDA/CDER and other public-sector transformation engagements through work planning, operational analysis, stakeholder coordination and executive reporting.
- Developed SOPs, process maps, job aids, reporting frameworks and implementation-readiness materials.
- Contributed to Missouri Medicaid value-based payment implementation and provider performance improvement. Assessed REDCap reporting workflows and recommended reductions in redundant reporting.
- Wider Missouri program outcomes included $3.37M+ reported cost avoidance and 98,000+ direct-care hours reallocated; these reflect program results rather than outcomes attributable solely to this role.

Maryland Department of Public Safety and Correctional Services | Senior Policy Analyst | 2019-2022

- Analyzed correctional healthcare delivery alternatives using comparative research and cost scenarios; modeled $50.7M-$59.4M in potential annual savings, not realized savings.
- Presented evidence, assumptions, operational assessments and recommendations to agency leadership.

U.S. Department of Labor Chief Evaluation Office | Evaluation Program Analyst | 2017-2018

- Coordinated federally funded evaluations, contractor deliverables, technical reviews and stakeholder input; translated findings into leadership summaries and recommendations.

Maryland Department of Labor | Program and Grants Management | 2012-2017

- Managed a $5.5 million workforce program budget, with responsibilities spanning budgets, compliance, performance reporting and partner deliverables.
- Reviewed expenditures and program performance, coordinated technical assistance and corrective actions, and brought together government, employer, education and community partners.

Education and certification

Project Management Professional | Project Management Institute
Master of Public Policy | University of Maryland Baltimore County
Master of Development Economics | Western Michigan University
BA in Sociology | Addis Ababa University

Tools

Power BI | Excel | SharePoint | Microsoft Project | Smartsheet | Jira | ServiceNow | REDCap

Engagements: C2C through Action Global Advisors, LLC; 1099 independent consulting; defined projects, fractional support and subcontract assignments. DMV and remote; scope and availability agreed for each engagement.
