DPSCS analysis | Potential savings, not realized

**Partner with Samson to turn priorities into coordinated delivery.**

Principal-led consulting for public agencies, healthcare teams, contractors and nonprofits. Partner with Samson B. Wakjira, PMP, for clear decisions, visible risks and accountable execution.

## Core capabilities

| When you need | Support and deliverables |
|---|---|
| Healthcare IT modernization | PMO workplan, risk and dependency register, readiness checklist, executive dashboard |
| Chief of Staff execution support | Decision briefs, action and decision logs, owner and deadline tracking, executive reporting |
| Operations and funding oversight | Process map, SOPs, budget and expenditure view, partner deliverable tracker |
| Evaluation and policy analysis | Evaluation framework, performance measures, options analysis, decision brief |

**Contribution and attribution:** Samson contributed to program success through risk governance, implementation support, performance reporting and policy analysis in prior roles. Shared program outcomes are shown alongside his contribution; modeled savings remain estimates.

## Why work together

**A hands-on partner** from scoping through delivery. **Government and healthcare experience** connecting analysis with operations. **Usable handover** with clear documentation and agreed owners. PMP; graduate training in Public Policy and Development Economics.

## Flexible ways to engage

**C2C through Action Global Advisors, LLC | 1099 independent consulting | Prime-contractor teaming and subcontract support**. Defined projects, focused assessments or fractional support, with scope, availability and deliverables agreed together.

**Start with a conversation:** Share the priority, deadline and outcome you need. We will discuss whether a focused project or ongoing support is the better fit.

**Samson B. Wakjira, PMP | Columbia, Maryland | 240-355-3005**
